**INSTRUCTION**

This type of dustbin can be opened or closed automatically based on its ingenious design. When your hand or any object comes into the induction area (about 15cm from the inductive window), the lid will be opened automatically. Then it will be closed automatically once you have put the garbage into it and you hand moves away from the induction area.

## Plastic Inductive Wastebasket

**MODEL: WBS-232**

Capacity : 32 Litres

Size : 40.5CM×31.5CM×51.5CM

G.W. : 4.60KGS N.W. : 3.20KGS

Lid : Plastic , Black
